Happy Thanksgiving

From all of us at TPWA

We want to wish everyone a wonderful Thanksgiving and hope that, whether you're surrounded by a huge family or just a couple of close friends, that you'll find so much to be thankful for. If you are looking for a place to go this holiday season, we have several organizations in the area that are serving free Thanksgiving Dinner.

GENERATIONS CHURCH TURKEY GIVEAWAY
Monday, November 21 | 6:30PM

New Construction Projects

Exciting things are happening in Tahlequah!

Most of you have probably seen the construction crews working diligently on Downing Avenue and may have speculated about what is coming to our town. Tahlequah will soon be home to a second Taco Bell, a Whataburger, and a Seven Brew. Each of these fast-food chains offers something unique and we are excited to help be a part of these projects! **Taco Bell** is well known and will be a second location for our town (the other located on Muskogee Avenue). Founded in 1950, Taco Bell has long been a staple for quick Tex-Mex. Adding a second location is likely to relieve some of the lunch time rush congestion at the Muskogee Avenue area Taco Bell. **Whataburger** is a first for Tahlequah and boasts huge burgers bursting with flavors so good, you might exclaim "What a burger!", or so the history of the Corpus Christi, TX founded restaurant claims as its namesake.

What began as a single burger stand in Texas has grown into an over 850 store enterprise across the nation. **Seven Brew** is a coffee shop quickly growing in popularity. According to their website, "7 Brew was born from a desire to change drive-thru coffee into a fun, mind-blowing experience for everyone. We dreamed of serving premium coffee in record time and making new friends while we're at it. The dream came alive with our first 'stand' in Rogers, AR and our 7 original coffees" (<https://7brew.com/about-us/>). If you've never experienced a Seven Brew, you're in for a treat! From their upbeat music, quick and efficient service, and employees who make happiness their business, Seven Brew is an experience all on its own and will be a fantastic addition to our community.

Energy Conservation Tips

The latest updates

Winter weather is quickly approaching with highs only in the mid to upper 40's for the majority of November. Be prepared for the changing temperatures and help combat rising energy usage this

winter by implementing some or all of these simple tips:

- 1. ELIMINATE UNWANTED DRAFTS** by purchasing caulk and/or weatherstripping to seal door frames and windows.
- 2. KEEP UNUSED ROOMS CLOSED OFF** by using curtains or

doors to close off spaces that don't have to be heated.

3. UTILIZE CEILING FANS by

turning the switch to rotate the fan clockwise, allowing warm air to circulate a room better.

4. TURN THE THERMOSTAT DOWN AT NIGHT AND COVER UP
